

A box plot showing the distribution of 'number' for different 'category' values. The categories are represented by colored boxes: orange, dark blue, teal, pink, olive green, tan, purple, and light blue. The y-axis represents the 'number' values, ranging from 0 to 10. The plot shows the median, quartiles, and range for each category, with outliers marked by diamonds.

Category	Min	Q1	Median	Q3	Max	Outliers
Orange	0	0	0	2	5	0, 10
Dark Blue	0	0	0	1	3	0, 10
Teal	0	0	0	2	5	0, 10
Pink	0	0	0	2	5	0, 10
Olive Green	2	4	5	10	10	10
Tan	2	4	5	10	10	10
Purple	2	4	5	10	10	10
Light Blue	2	4	5	10	10	10
